MEDICINES.

A YER'S CATHARTIC PILLS ARE THE most peries to preduce or which we think has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excet the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and exped disease. They pure out the foul humors which breed and grow distemper, stimulate action, and impart a health tone with strength to the whole system. Not only do they cure the everyday complaints of every body, but also formidable and danserous diseases. While they produce powerful effects, they are at the same time, in diminished dozes, the asfest and beas physic that can be employed for orbidizen. Being sugar-coated, they are pleasant to take; and, being purely vegetable are fee from any risk of harm. Cures have been made which surpass belief, were they not substantisted by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent ciergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Freparations contribute immensely to the relief of our afflicted, suffering fellowmen. The sgent below mande is pleasaed to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints: Costiveness, Billous Complaints, Rheumatism, Droppy, Hearthurn, Headache arising from foul Stomach, Namea, Indigestion, Morbid Isaction of the Bowels and Pain arising therefrom. Fininlency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, partial Bilindness, Neuragia and Netwons Irritability, Derangements of the Liver and Kidneys, Gomt, and other kindred co
